AIRPORT DATA ANALYST

We're on the look-out for an Airport Data Analyst to work under the guidance of and reporting to the Head of Economics & Competition.

SCOPE

- To promote, through ACI EUROPE, the interests of over 500 European airports to legislators, regulators, the press and the public;
- To provide the best possible service to members of ACI EUROPE, in particular through the provision of high-quality information and analyses in the area of airport traffic and connectivity;
- To assist in the definition of ACI EUROPE policies by providing reliable data and analyses of airport traffic to the relevant member of staff.

ESSENTIAL QUALITIES

- Genuine interest in economic research and data analysis in the field of civil aviation;
- Experience with statistical analysis to identify causality and assess model diagnostics; and application of regression analysis to forecasting;
- Ability to create compelling data visualisations;
- Detailed knowledge of Microsoft Office applications (Word, Excel, PowerPoint);
- Knowledge of R language and the tidy verse libraries;
- Developed social and communication skills, and enjoyment working in a multilingual and multicultural environment;
- Ability to work under pressure and to deal with multiple assignments;
- Fluent in English, other European languages an asset.

To the right candidate, ACI EUROPE will offer a very attractive package. Please e-mail your CV (**no more than 2 pages**) with a **one page** cover letter (in English) and any relevant supporting material to: stephanie.coppin@aci-europe.org.

Application deadline: 24 December 2021
